

COVID-19

REDUCE THE RISK

Around our campus!

Remain a sensible distance from one another

You all did so well in lockdown. Please keep it up!

Wear face coverings in communal areas, including corridors, social spaces & eateries

You need to wear one on public transport and in shops, so why not at college?

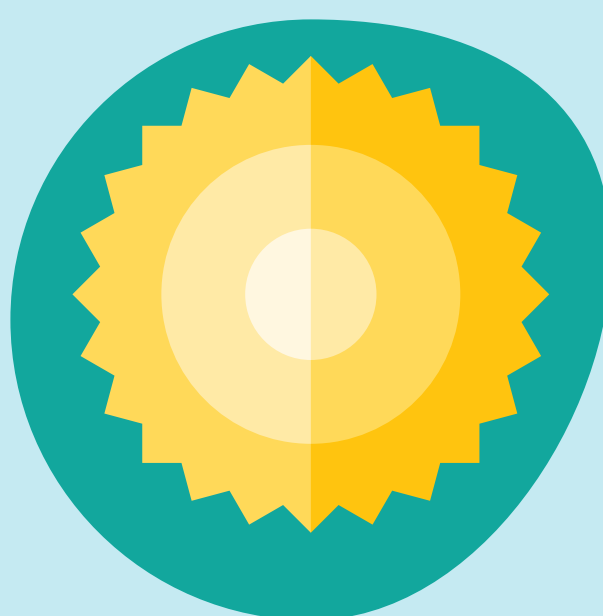

Leave site once your classes are finished for the day.

Use your time productively at home.

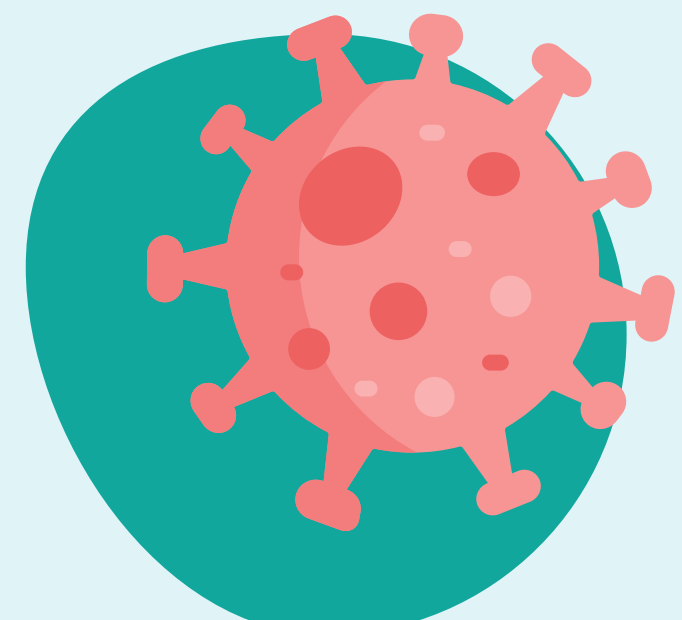

Seating in social spaces has been arranged for social distancing & must not be moved

While we're on the subject, refrain from sitting on one another's lap too!

Spend breaks outside or off campus if you can

Excluding torrential downpours & sub-zero temperatures.

We'll be keeping windows & doors open as much as we can

Help stop the spread. Please wear a jumper.

You will see an increase in cleaning of regular touchpoints

We're busy playing our part, so please make sure you do, too!

Don't forget!

Please wash your hands with soap & water thoroughly & regularly throughout the day.

Thank you for doing your part to keep everyone safe!
