

FdA Digital Media Design

Interview

You will need to bring a sample of your work to your interview and be prepared to talk about your work with the interviewing tutor.

We recognise the individual nature of each application, and may therefore also invite to interview those who might not have the standard entry requirements.

If you do not have samples of work, please come to the interview prepared to talk about why this subject area and course appeals to you; why you feel you are suitable to undertake this course, and the creative qualities you can bring to your studies.

This interview is your key opportunity to share relevant personal, professional or educational experiences that demonstrate you have the ability and attitude to succeed on this course.
