Interview Task

As a manager of a children's care setting you will often be called upon to solve problems. Identify one situation where you felt out of your depth and unable to solve the issue.

Reflect (make notes) on what you felt was causing this barrier and what you needed to succeed- was it training, education or maybe resources or the authority to deal with the problem.

Be prepared to discuss your thoughts on this situation and how it impacted on you after it.

If you require any further clarification of this task please contact Anji Golledge on 01424 458489.
