If you have any further questions please contact the School Liaison team at schoolsandevents@escg.ac.uk

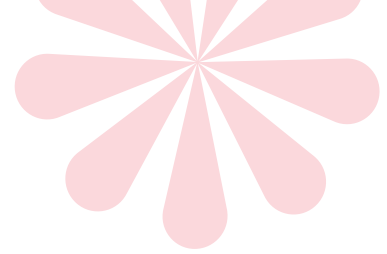

3D Art & Design	This taster session introduces students to design as a creative practice through hands-on workshops, exploring traditional drawing, AI, 3D techniques, and other design processes.
Biology & Medical Science	This taster session will cover both our Medical Science courses. You will get the chance to explore how living organisms function, as you conduct a fascinating experiment investigating the effects of alcohol on the heart rate of a water flea. See their structure under a microscope and witness the effects live before your eyes. We will also look at what you will do on our Medical Science course and how it will prepare you for work in various healthcare settings.
Chemistry	Explore organic chemistry in this fascinating taster session. You will look at a range of carbon compounds including petroleum fuels, food, medicines, cosmetics, clothes, DNA and life! You will explore how organic molecules can flavour food, create perfumes and make your own mirror through a range of hands-on experiments.
Classical Civilisation	This taster session introduces students to a fascinating blend of literature and ancient history, exploring Odysseus' journey after the Trojan War and the reign of Augustus, examining myth, power, and political influence in the ancient world.
Computer Science	Learn the basics of programming in this practical taster session, creating simple animations using accessible tools. No prior experience is needed - just basic mouse and keyboard skills, along with creativity and imagination.
Criminology	If your TV's always on the 'True Crime' channel, then you'll love this session looking into why people commit crimes. Should there be more lenient or harsher sentencing for certain crimes? And what role does the media play in influencing the way we view crimes? See why laws change over time and find out what two A-Level subjects perfectly complement this course.
Economics & Business	Discover the fundamentals of economics in this taster session, exploring how individuals and businesses make decisions about time, money and resources, and how financial management helps meet unlimited wants with limited resources.
English	Enjoy exploring the world through language in this A-Level taster session. Find out how writers influence our state of mind, making us feel happy, sad, scared and thrilled through their work. We'll discuss, debate and analyse English Language and Literature and take part in a number of short activities to introduce you to our English courses.

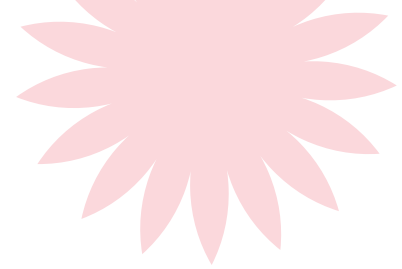

A-LEVELS

Environmental Science	If you're interested in finding out more about the impact of human activity on our planet, or perhaps you are interested in discovering ways in which environmental damage can be halted or even reversed, then this taster session is for you! As a student you will have the opportunity to gain insights and understanding of how geographical and biological components are interrelated in terms of the environmental impact.
Fashion & Textiles	Get creative in this fun, hands-on taster session by designing and making a newspaper dress, while also taking part in a Q&A to learn more about the fashion industry and career opportunities.
Film & Media Studies	Explore how films and TV shows are created in this engaging taster session, analysing key techniques and experimenting with creative ideas to understand the building blocks of screen storytelling.
Fine Art	Develop practical drawing skills in this taster session, learning how to create the illusion of three-dimensional form from one-dimensional drawings, alongside exploring digital techniques to extend and enhance your work.
Geography & Geology	Come and get involved with our Geography & Geology A-Level taster session and find out why there has never been a better or more important time to study these fantastic subjects. With growing interest in issues such as climate change, migration, environmental degradation and globalisation, they are some of the most relevant courses you could choose to study.
Graphic Design	In this taster session, students will explore design as a creative practice through hands-on workshops, experimenting with a range of processes from traditional drawing to AI and 3D techniques.
History	Find out if history really does repeat itself in this insightful A-Level taster session. We will also debate and challenge some of the thoughts and opinions of some key events that have helped shaped the last 150 years.
Law	Intrigued by how the legal system works? In this taster session, discuss some of the tough issues law faces every day. You'll also take part in a mock court, acting as judge to reach fair judgments.
Maths & Further Maths	In this taster session, debate controversial maths theories, take part in games with your peers, and discover the maths behind puzzles and games. Explore how a strong mathematical mind can solve problems beyond the classroom.

A-LEVELS

Modern Foreign Languages: Spanish	Join this Modern Foreign Languages taster session to experience an exciting Spanish lesson, packed with conversation, songs, and games, giving you a fun introduction to language learning.
Philosophy	Exercise your intellectual and imaginative abilities in this A-Level taster session. Focus on the benefits of thinking and questioning without expecting definite answers. Learn to build and evaluate arguments and explore key philosophical concepts, including: “How do we gain knowledge?”, “What is a mind?”, and “How do we make ethical decisions?”
Photography	Join us for this practical, hands-on taster session, where you’ll explore how to create photograms in the darkroom, experiment with light and shadow, and discover creative techniques to develop your own unique photographic style.
Physics	This A-Level Physics taster session introduces students to a fascinating subject, developing practical, analytical, and evaluative skills. Explore mechanics, electric circuits, and materials, and get a taste of advanced topics like nuclear physics, thermodynamics, and space.
Politics	Come along to this lively Politics taster session where we provide a different insight into the world we live in, past and present. Share your opinions on political agendas and how you think the country should be run. Find out where A-Level Politics can take you next.
Psychology	Learn more about the amazing organ that is our brain in this A-Level taster session. Take part in activities to explore brain anatomy, discuss what happens when it’s damaged, and investigate memory, including how to test and improve it.
Sociology	Join us for this A-Level Sociology taster session, where you’ll begin to develop a critical view of the world. Question, discuss, and evaluate a range of social issues, including sexism, racism, crime, religion, education, and equality, while exploring society’s complex relationships.

Childcare, Health & Social Care

Childcare & Education

Choose this taster session for an exciting insight into the childcare industry. Explore how children learn and develop, understand child psychology, health and wellbeing, and discover the wide range of careers working with children, from teaching to nursing.

Health & Social Care

Explore a range of careers in the healthcare industry, including nursing, midwifery, paramedic science, and social work, in this taster session. Learn about caring for others, equality and diversity, human behavior, health patterns, and the human anatomy.

Creative & Design

Art & Design

An exciting taster session designed to introduce you to the creative practice. Join us in the printmaking room to learn techniques and create your own monoprints.

Creative Media

Come along to this taster session to learn what goes into creating professional media content across a range of areas. Explore our production suites and try out equipment to create your own online content.

Creative Digital Media

Animation & Illustration (Double Session)

Explore an introduction to character design and shape theory in this exciting animation and illustration taster session. If you have a passion for sketching, doodling or modelling both digitally and traditionally, comics, anime or stop-motion then this course could be for you!

Esports

This taster session gives you a taste of the Esports and creative industries. You'll explore Esports culture, events management, technical production, and a variety of game genres, preparing you for the full course developed with the British Esports Association.

Games Design & Development (Double Session)

Computer games are big business, with increasingly realistic graphics and immersive gameplay. In this taster session, explore computer game design, work through strategies, try a beginner's guide to 3D design, and create a basic karting game. Learn the qualifications needed to start a career in the games industry.

TECHNICAL & PROFESSIONAL

Hair & Beauty

Beauty Therapy

Come along to this taster session to learn new skills and explore what a career in the beauty industry might be like. Try a range of treatments, get tips on becoming a confident therapist, and discover the path of WorldSkills-winning Beauty Therapists Kaiya Swain and Rebecca West, both Lewes students who now hold gold medals and OBES.

Hairdressing & Barbering

Get a glimpse into this exciting, fast-paced industry in this practical taster session, trying out a range of hairstyling techniques. Discover how stylists keep on top of trends like balayage and special occasion styles, and learn about the products used in our Evolve Eco Salon. Please tie back long hair, remove jewellery, and wear suitable clothing with shoulders and torso covered, including closed-in shoes.

Music & Performing Arts

Acting

Join this energetic and fun Acting taster session, where you'll explore the range of skills and techniques you'll develop when studying Acting with us. Please wear or bring suitable clothing for practical activities.

Dance

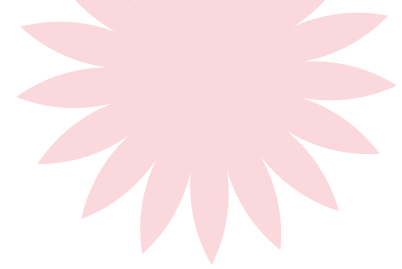

Experience an energetic and fun Dance taster session, exploring a range of skills and qualities you'll develop while studying Dance with us. Please wear or bring suitable clothing for practical activities.

Music

Take part in a fun set of activities in this Music taster session, focusing on either Music Performance or Music Production. You'll either learn and play a song with a group of musicians, or work on a production-based composition.

Musical Theatre

Experience an energetic and fun Musical Theatre taster session, exploring a range of skills and qualities you'll develop while studying Musical Theatre with us. Please wear or bring suitable clothing for practical activities.

Sport & Fitness

Sport & PE

Explore how our bodies respond to exercise, the skills needed to become a coach, and how mindset can affect performance and progress in this Sports and Fitness taster session. Discover career routes in the industry and learn about our sports academies. Please wear suitable clothing for outdoor activities, such as tracksuit bottoms and trainers.

Travel & Tourism

Travel & Tourism

Check-in for our Travel and Tourism taster session for an insight into working in the industry; from joining an airline, working as airport ground staff, becoming a holiday representative, to planning a once in a lifetime trip around the world.

Uniformed Protective Services

Uniformed Protective Services

Find out what it takes to start a career in the Armed Forces, Police, Fire Service, Border Force, or Prison Service in this taster session. Take part in practical activities, learn about classroom-based theory, and discover exciting outdoor elements like kayaking and trips abroad. Please wear suitable clothing for outdoor activities, such as tracksuit bottoms and trainers.
