13. PRIVACY NOTICE

This privacy notice is issued by the Education and Skills Funding Agency (ESFA) on behalf of the Secretary of State for the Department of Education (DfE) to inform learners about the Individualised Learner Record (ILR) and how their personal information is used in the ILR. Your personal information is used by the DfE to exercise our functions under article 6(1)(e) of the UK GDPR and to meet our statutory responsibilities, including under the Apprenticeships, Skills, Children and Learning Act 2009. Our lawful basis for using your special category personal data is covered under Substantial Public Interest based in law (Article 9(2)(g)) of GDPR legislation. This processing is under Section 54 of the Further and Higher Education Act (1992).

The ILR collects data about learners and learning undertaken. Publicly funded colleges, training organisations, local authorities, and employers (FE providers) must collect and return the data to the ESFA each year under the terms of a funding agreement, contract or grant agreement. It helps ensure that public money distributed through the ESFA is being spent in line with government targets. It is also used for education, training, employment, and well-being purposes, including research.

We retain your ILR learner data for 20 years for operational purposes (e.g. to fund your learning and to publish official statistics). Your personal data is then retained in our research databases until you are aged 80 years so that it can be used for long-term research purposes. For more information about the ILR and the data collected, please see the ILR specification at <https://www.gov.uk/government/collections/individualised-learner-record-ilr>

ILR data is shared with third parties where it complies with DfE data sharing procedures and where the law allows it. The DfE and the English European Social Fund (ESF) Managing Authority (or agents acting on their behalf) may contact learners to carry out research and evaluation to inform the effectiveness of training.

For more information about how your personal data is used and your individual rights, please see the DfE Personal Information Charter (<https://www.gov.uk/government/organisations/departments-for-education/about/personal-information-charter>) and the DfE Privacy Notice (<https://www.gov.uk/government/publications/privacy-notice-for-key-stage-5-and-adult-education>)

LEARNER DECLARATION*- REQUIREMENTS FOR ENTRY TO UNIVERSITIES

Learners must have a GCSE in Maths and English (or an equivalent), a relevant NVQ at level 2 or above and aspire to study a related degree at university.

Access to Higher Education Diplomas are widely accepted as an alternative to 'A Levels' for University admission. The programmes have a track record of success in helping learners to gain admission to University.

Learners should, however, be aware that Universities each apply their own admissions criteria, and these vary broadly depending on the reputation and popularity of the university and of the degree programme that relates to your area of interest.

These 'variable' admission criteria may include but are not limited to:

1. Achievement of a certain amount of Access to HE units at Merit or above.
2. Successful completion of a face-to-face interview at the University
3. Successful completion of literacy and numeracy assessments by the University.
4. Completion of specific unpaid 'work experience' or a previous 'job role'.
5. Prior attainment of GCSE English and/or Maths Science – Or equivalents, such as Functional/Key Skills at Level 2, NVQ Certificate in a related subject at Level 2 etc.

It is vitally important that each learner investigates the entry requirements of a range of universities that they could practically attend to determine if the diploma and unit choices within meet each set of entry requirements.

Learners should complete this exercise as early as possible so that they can plan for which establishment they will be applying to, and start to work towards it.

Whilst we have the fullest confidence that the Access to Higher Education Diplomas are compliant and perfectly sufficient to form part of a University application, East Sussex College Group will not be able to accept any liability for the inability of any Access to Higher Education learner to secure an offer from a Higher Education establishment due to the 'variables' involved.

NB: From 2015 the way GCSE levels are graded will differ between England, Northern Ireland and Wales. In England GCSEs will be graded numerically where Northern Ireland and Wales will retain their existing letter grading structures which can be found below:

A* = 8
A = 7
B = 6
C = 4

Learners are advised to refer to the specific entry requirements for their chosen course with regard to GCSE requirements.

To confirm you have read and understood the information in this guidance please complete the **Learner Declaration** below:

LEARNER DECLARATION

I declare that I have read the above guidance and confirm that I am happy to proceed on the understanding that I am responsible to check the University entry requirements.
