Various dates available

Only 6 hours!

**Empower your staff to
feel confident with
maths at work**

**Specifically tailored to
support your employees
in their Health & Social
Care role**

Our OBJECTIVES

Whether you are new to the world of work or have long term experience in work, it is important to understand your payslip including:

- An overview of your pay – both employed and self-employed
- How your pay is calculated
- Your gross & net pay
- Your payroll number & tax code
- Pension & national insurance contributions
- Understanding self-employment & creating a basic invoice template.
